6. The Chairman reports that, with the co-operation of the Police and the Medical Departments, better arrangements have been made for the inspection of all dead bodies in Gopeng.

7. Two schemes for the improvement of the water supply of Ipoh Town, which have been prepared by the State Engineer, are explained in outline by the Chairman. The first, which is estimated at a quarter of a million dollars, comprises the construction of an impounding reservoir on the west of the town in connection with the existing supply, and the duplication of the main from there into the town. It is estimated that this will provide for Ipoh until the year 1928 or until the population reaches 52,000. The second scheme contemplates a fresh supply altogether from the Sungei Raia, and is estimated to cost over one million dollars. Both these schemes are now being investigated by Messrs. Thomas and Hornidge.

8. The Board agrees with a proposal by the Chairman that notices shall be served on certain houses on the Kuala Kangsar, Court-house, Tambun and Gopeng Roads to erect latrines of a type approved by the Board, and that the conservancy shall be undertaken by the Board.

9. An application from the District Railway Engineer, Federated Malay States Railways, to erect a temporary "feeder" from the Post Office Power Station to the Railway Station: The Board after some discussion agree to the proposal but only on condition that the poles are proper telegraph poles, that the line runs round Station Square not across it, and that the service is discontinued after six months.

10. The Chairman informs the Board that for the present it is not proposed to make any change in the relation of the Vehicles Department to the Board.

11. The Board express themselves as in favour of the introduction of rubber mats for jinrikishas in place of the present insanitary woollen mats, and the Chairman is asked to represent their wishes to the Registrar of Vehicles.

12. It is unanimously decided that the rubber trees on Government land in Batu Gajah shall not be leased out for tapping, but that they shall be allowed to grow without any tapping at all.

13. An application by Mr. V. A. Lyons, on behalf of Cheng Ah Hung, for the lease of the New Town Market for the purpose of using it as a theatre hall, is refused.

14. The Chairman submits a plan of a movable latrine to be hired out to travelling circuses, with whom there is always difficulty over sanitary arrangements. This is agreed to.

15. The Chairman made a statement as to the occurrence of plague in Ipoh. No case had occurred since 3rd October, nearly six weeks ago. The laying down of rat-poison was being continued, and it was estimated that over 700 had been killed in this way. A fresh rat-catcher (Tamil) had also been engaged. It was suggested by the Chinese Chamber of Commerce that a few special rat-tubs be placed in the streets in which occupiers of houses could place all rats caught. It was agreed to try this as an experiment.

16. It was agreed that the time had not yet come when public institutions—Hospital, Police, Sanitary Board, etc., should be charged for the water consumed by them, as is the custom in Municipalities.

17. The following applications for water supply are received:

18. In reference to the application from the Chinese School at Ampang to be exempted from assessment, the Board is informed that, as the building in question is not used "exclusively" for a public school, the Resident does not appear to have power to grant the exemption asked for.

19. The Chairman reports that, excluding irrecoverable sums, \$759 still remains to be collected in Kinta on account of assessment for 1916. The total amount collected to the end of October was \$219,012.

20. Unfavourable reports of the building plans submitted by Mr. G. C. Chelliah, Licensed Architect, having been received, it is resolved to warn the licensee that he is running the risk of his name being struck off the list.

21. V. Sengal Rayen Naidu reports his return from leave; he is however not present at the meeting.

22. The Datoh Sri Adika Raja enquires whether there is any money provided for the upkeep of Malay cemeteries within the Sanitary Board area, and draws attention to the neglected condition of some of them. The Chairman promises to look into the matter.

23. The Board agrees that, as a free water supply has been granted to the Muhammadan Mosque, the rent on the meter may properly be foregone.

24. The Board adjourns *sine die*.

A. S. JELF,  
Chairman.
